

Attaching Your TravelTow Handle to Your Luggage

Step 1

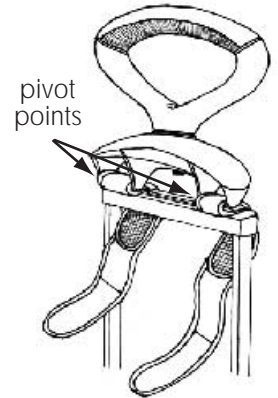

Unpack your TravelTow handle from its protective packaging and loosen the hook and loop straps as shown here.

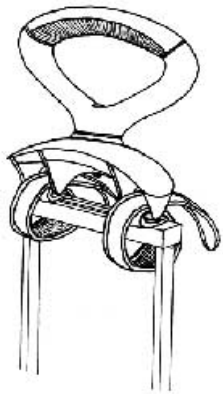

Step 1

Step 2

Place your TravelTow handle on top of your luggage handle, being careful to position the luggage handle release button (if you have one) between the two pivot points.

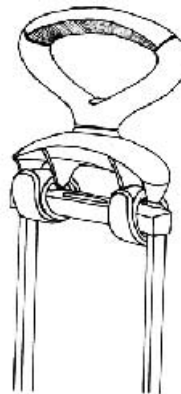

Step 2

Step 3

Step 3

Pull the twin hook and loop straps around the luggage handle and insert back through the opening above each pivot point. Pull all the way through while holding the TravelTow handle in place.

Step 4

Step 4

Pull the ends of the straps all the way around and press to secure using the hook and loop fastening system*. Your TravelTow is now secured and ready for use.

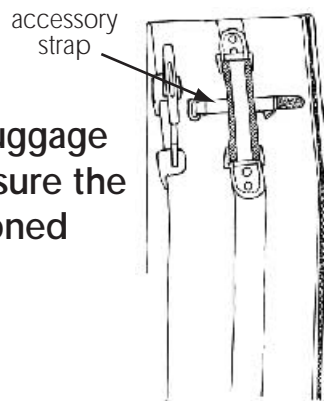

Happy traveling!

*Note: Be sure to pull your straps tight. The more secure your TravelTow is to the luggage handle, the more control it will offer you.

Securing Your TravelTow Handle with the Provided Accessory Strap

Step 1

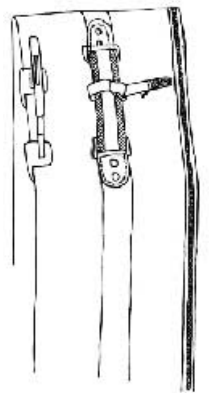

Lay the accessory strap underneath your fixed luggage handle as shown. Make sure the hook and loop is positioned as shown to the right.

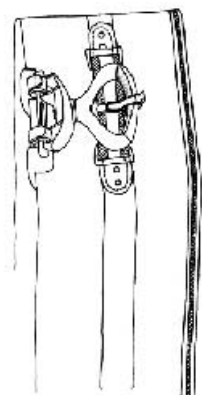

Step 1

Step 2

Bring the accessory strap buckle over top of the fixed luggage handle and insert the end of the strap through the buckle so that the anti-slip tab clears the buckle.

Step 2

Step 3

Step 3

Your accessory strap is now ready to hold your TravelTow secure when it's not in use. Simply wrap the end of the strap around your TravelTow and secure using the hook and loop system.

Happy traveling!
